DESK STANDS

HAT
DESIGN WORKS™
HUMAN ACTIVE TECHNOLOGY

MAXIMIZE YOUR WORKSPACE.

This double joint, dual monitor desk mount allows for increased workspace by removing your monitors off of your desk. The robust, high grade steel design is built to withstand daily use and resist scratches. Full motion structure allows for smooth, effortless rotating and positioning for any direction.

A full-motion quick-install VESA plate allows smooth, effortless rotating and positioning of your monitor, making it easy to find your ideal ergonomic viewing angle. Cable management allows you to keep the cables organized and protected.

FEATURES

- **Adjustable:** Height adjustment along entire pole.
- **Swivel:** Arms can move 90° forward and 90° backwards for full motion positioning.
- **Robust:** Steel construction provides a solid, and long-lasting performance.
- **Versatile:** Desk clamp and grommet mount options included.
- **Organized:** Integrated cable management system.
- **Easy:** Detachable VESA plate enables quick and easy installation.
- **Compatible:** VESA-monitor compatible – 75 & 100mm VESA adapter included.
